Dear Susanna

These comments are sent on behalf of the Caversham and District Residents Association. What has been built is out of character with the area and results in lack of amenity for neighbours, including parking problems. The separate residential building in the back garden is unacceptable. It is a mockery of the planning system for an application to be approved and something quite different built. This issue should be raised with the Planning Applications Committee and high priority given to enforcement.

We will discuss 'Call In' with the Ward Councillors

regards

Caversham and District Residents Association
