

**THE FUTURE
OF READING
GOLF CLUB**

**YOU ARE
INVITED**

READING GOLF CLUB

Public Engagement

Reading Golf Club, working with Fairfax Acquisitions and preferred development partner, Redrow Homes, invite you to a public engagement event on the future of the golf club, including plans for new public open space, a healthcare facility and homes on the land currently used by the club.

Date: Tuesday 11 February
Time: 4pm - 8pm

Location: Reading Golf Club Club House,
17 Kidmore End Road, Reading RG4 8SQ

Why are these plans being brought forward?

Reading Golf Club could not continue in its current location - with declining revenues and increasing overheads the golf club wouldn't remain financially viable were it to remain at its current site. That is why an overwhelming majority of the golf club's membership voted in support of proposals to move.

Reading Golf Club, working with Fairfax Acquisitions and preferred development partner, Redrow Homes, is committed to delivering a sustainable, high-quality plan to protect the future of its current site - which will bring outstanding and much-needed homes, infrastructure and new public open space.

However, before any plans are submitted to Reading Borough Council, we want to know what you think.
